

This Week's Learning Year 2

Week Commencing Monday 14th September 2026

Messages	I can't believe we're into week 2 already! The class settled in to their new classroom well last week and we are already well into our learning. Don't forget PE kits on Thursday, and to wear your PE Kits in on Wednesdays. Most of the children in Year 2 will begin to move away from Little Wandle onto the Accelerated Reader Programme. This means reading will work very differently. I will expect the children to read their book 3 times before they can take a quiz on the book to show their comprehension of the story. This will be done throughout the next few weeks.
Maths	Continuing out topic of Numbers to 100, including tens and ones and recognising less and more.
Phonics/Reading	Little Wandle books will go home this week and reading will continue in class. We will follow the last phonics module before going onto spelling.
Writing	To use conjunctions to write an email . To use description to write a fact file .
PE	Ball skills - we will be developing our skills of stopping a ball.
Computing	To recognise the uses and features of information technology I can identify examples of computer and describe some uses of computers
History	We will be looking at Dawson's model which helps historians decide if a person is historically significant based on the impact they had when they were alive and the impact they have on modern society.
Music	Miss Hooper will be teaching Music this year, the children enjoyed their first session and will be building on the songs from last week.
Art	We will continue to look at a variety of Still life pictures and look at the colours in them. Creating colour palettes and starting to take photos of still lifes using the ipads.
RE	Introduction to Judaism - the children will start looking at Jewish artefacts.
Science	What Microhabitats Can We Find in Our School? We will be going on a hunt around the school grounds.
RSHE	I know how to help myself and others feel like we belong.
